In my neighbourhood, there is a library. It is big. It is next to the shopping centre. I like to read and borrow books there. There is a swimming pool. It is next to the museum. I buy a swimming ticket and go swimming there. If you want to go swimming there, you need a ticket! There is a shopping centre. It has seven floors. It is between the library and the hospital. I like to go shopping with my mum there. There is a park. It is opposite the museum. I like to play with my brother there. I like my neighbourhood very much.
